VET in Schools is a fantastic opportunity for young people to build industry experience and gain relevant qualifications in their fields. Cire Training provides flexible learning and extra support to help students succeed.

As an experienced VET in School provider, we have a firm understanding of how to work with schools and what needs students have when undertaking vocational training. We aim to ensure our training style is practical, engaging and tailored to set students up for success in both the classroom environment and future workplaces. In addition, we strive to forge strong partnerships with the school to deliver positive outcomes for the students.

OVERVIEW

Our Courses

CHC30113
Certificate III in Early
Childhood Education
and Care (Partial)

CHC32015
Certificate III in
Community Services

What is VET in Schools (VETis)?

Vocational Education and Training (VET) provides secondary school students an opportunity to gain a nationally recognised qualification that contributes to VCE or VCAL. These programs are delivered by trainers with expert knowledge in the field and increase the employability skills of students.

Why Choose Cire?

Cire Training offers a flexible and supportive learning environment for students. Smaller class sizes, inviting classrooms and trainers who adopt a student-centric approach are just a few of the reasons to choose to study with Cire Training.

Furthermore, the courses offered in this guide align with the broader organisation of Cire Services, providing students with unique opportunities for work experience and placements while studying.

Entry Requirements

Students choosing to enrol in a VETis program must be:

- at least 15 years of age at course commencement,
- able to meet LLN requirements, and
- currently enrolled in Year 10, 11 or 12.

Course Costs

Cire Services will charge your school directly for tuition and material fees. Your school may decide to pass on a portion of this cost to students (usually material fees if attending a Government school).

How to apply

Applications can be made online by visiting: www.cire.org.au/vetis/

If you need any further information, please call 1300 835 235

Key Dates

First round applicaitons open	12th July 2021
First round application close	15th October 2021
Late application open	29th October 2021
Late application close	1st February 2022
Course commences	Wednesday February 2nd 2022

Course Withdrawal

Students have up to four weeks from the commencement date to withdraw from the course.

Withdrawals after the 4-week census date will incur full fees.

Education Support

In accordance with the Disability Standards for Education 2005, Cire Training provides “reasonable adjustments” to accommodate students with disabilities and will consult with students and their families / carers to understand what kind of assistance is needed.

Additionally, Cire Training provides smaller class sizes and flexible learning options to cater to students with additional needs. Support staff are also available upon request and Cire Training will work closely with the student’s secondary school to ensure that their learning experience is a positive and fulfilling one.

Structured Workplace Learning

Structured Workplace Learning (SWL) is designed to help students apply the skills and knowledge they learn in their VET program in an industry environment.

Structured Workplace Learning (SWL) experiences help students relate theory to a real world work environment while developing their skills.

SWL is a valuable component of all VET qualifications, and where possible should be spread across the duration of the VET program.

It provides context for:

- enhancement of skills development
- practical application of industry knowledge
- assessment of units of competency/modules, as determined by the Registered Training organisation
- increased employment opportunities.

VCE VET program publications contain information relating to the SWL requirements. In all cases, SWL is strongly recommended. Several VCE VETis programs have a mandated SWL component.

The SWL requirements are expressed in hours and weeks, and are expected to be carried out over the duration of VCE VET programs.

EARLY CHILDHOOD EDUCATION AND CARE

CHC30113
Certificate III in Early Childhood Education and Care (Partial)

Lilydale

2 years part-time

Year 1: Wednesdays, 9am to 12:30pm or 1:30pm to 5pm
Year 2: Wednesdays, 1:30pm to 5pm

Course Description

This qualification reflects the role of workers in a range of early childhood education settings who work within the requirements of the Education and Care Services National Regulations and the National Quality Standard.

Support the implementation of an approved learning framework, and support children's wellbeing, learning and development. Depending on the setting, educators may work under direct supervision or autonomously.

In this course you will undertake the following:

1. practical activities
2. research and Projects
3. written activities/Multiple choice questions
4. oral presentations/Verbal questioning
5. group work/working as a team.

Entry Requirements

Students will be accepted into this course if they are attending secondary school at Year 11 or above.

They also complete the pre-course review including the LLN Tool and achieve the Australian Core Skills Level of 3. At this level, students may either work alongside an expert/mentor where prompting and advice can be provided or may work with an expert/mentor where support is available if requested.

Course Costs

Tuition	Materials
Year 1: \$1,490	Year 1: \$500
Year 2: \$1,490	Year 2: \$400

CHC30113
Certificate III in Early Childhood Education and Care (Partial)

Structured Workplace Learning

Cire Training requires all our VETiS students to undertake a minimum of 80 hours of structured workplace learning (SWL) spread across the two years of the program, this being 40 hours annually. If you undertake 80 hours of SWL and the workplace learning record in one year you can provide one general credit for VCAL.

Pathways from the Qualification

The course is a partial completion, once you have completed your two year VETiS program, you can apply to complete the remaining units to be able to graduate from the CHC30113 Certificate III in Early Childhood Education and Care.

Career Outcomes

- A range of employment opportunities including:
- preschool educator
 - kindergarten
 - long day care
 - out of hours school care

Course Content

CHCCDE003	Work within a community development framework
BSBWOR301	Organise personal work priorities and development

CIRE STUDENT SUPPORT

Student Experience

Cire Training strives to provide a warm and inviting classroom environment so that students can feel safe, included and ready to learn. Students have described Cire classes as feeling like a “family” and something they look forward to waking up for in the morning.

Cire is my happy place. I really enjoy the hands-on learning and visiting childcare centres.

- Miranda | 2020 VETiS Student

Students attending Cire Training are treated as individuals, not just a number, and are offered support and flexibility in order to achieve their best. Students have described their trainers as being friendly, supportive, knowledgeable and thorough.

Student experience surveys and pulse checks are administered regularly throughout the year to ensure that students have a voice and their needs / concerns are being met.

Education Support

In these courses students will undertake:

1. practical activities
2. research/projects
3. written activities/multiple choice questions
4. oral presentations/verbal questioning
5. group work/working as a team

Students can request extra support to assist with their learning. This can be extra one-on-one time with a trainer or additional supports within the classroom.

Activities

Cire Training provides a variety of events and activities throughout the year.

These opportunities encourage students to have fun, meet other students and develop a sense of belonging.

Work Experience

Cire Training provides a variety of additional work experiences for students who are eager to extend their understanding of their chosen field.

Students can be involved with event planning, volunteering within the community or a variety of other opportunities.

CIRE TRAINING
